

Andrew Sherif Shokry

Software engineering (Front end React Developer)

Address: Nasr City ,El-Hay No. 8 , Cairo , Egypt

Home Tel: 02-24710015

Mobile : 01274589380

Email: Andrewsherif2013@gmail.com

Personal Information

Marital Status : *Single.*

Nationality : *Egyptian*

Date of Birth : *4th of November 2002.*

Health : *I do not suffer from any physical disabilities, and I am physically capable of outdoor work.*

Objective:

Aspiring Full Stack Developer with a strong foundation in programming and a passion for building complete web solutions. I am actively developing my skills in both front-end and back-end technologies, with additional experience in graphics design and video editing to support creative and technical projects.

Strengths:

- *Strong problem-solving and debugging skills*
- *Solid knowledge of front-end technologies (HTML, CSS, JavaScript, and React).*
- *Eager to learn back-end technologies(Node.js) and complete the full stack path.*

- Ability to learn and adapt quickly to new tools and frameworks.
- Creative mindset with experience in graphic design and video editing.
- Good team player with strong communication skills.
- Organized and capable of managing multiple tasks effectively

Education

B.Sc. in Computer Science and Artificial Intelligence – Faculty of Computers and Artificial Intelligence, Helwan University, Egypt (2021 - 2025)

Experience :

Internship Experience National Steel Fabrication (NSF) Software Department October City, Egypt

Successfully completed a 3-week intensive training in the Software Department
Gained practical knowledge in Database Fundamentals, including relational models and basic SQL
Learned about software lifecycle processes in an industrial environment
Participated in hands-on tasks and teambased learning activities

(14 July to 4 August 2022)

Skills:

- **Front-End Development:** Proficient in HTML, CSS, JavaScript, React.js
- **Back-End Knowledge:** Familiar with Node.js and eager to develop full stack capabilities
- **Version Control:** Git & GitHub
- **Graphic Design:** Good sense of visual design using Photoshop and Canva
- **Video Editing:** Basic skills in Adobe Premiere Pro and Capcut
- **Problem Solving:** Strong analytical and debugging abilities
- **Soft Skills:** Fast learner, adaptable, and organized
- **Prompt Engineering & AI Tools:** Skilled in crafting effective prompts and using AI tools efficiently for development, content creation, and design support

Projects:

- ***Violence detection (Graduation Project)***

Admin can view and filter reports(violence detection) from AI cameras
