ABOUT ME

Passionate web developer with solid experience in React and JavaScript, eager to build efficient and user-friendly applications. Skilled in front-end development and familiar with back-end concepts, always learning and improving. Able to adapt to new technologies and solve problems effectively.

projects Experience

• Smart Surveillance and Live Detection System (Graduation Project)

- Designed a modular surveillance system to minimize monitoring errors and enhance real-time incident response.
- Implemented ML modules for violence and fire detection using YOLOv5 and CNNs.
- Built backend with Laravel (PHP) and MySQL for API services and incident management.

• Internship – National Steel Fabrication (NSF), Software Department, October City, Egypt

- Completed a 3-week intensive training in software development and database fundamentals (relational models, basic SQL).
 - Gained practical experience with software lifecycle processes in an industrial environment.
 - Participated in hands-on tasks and team-based learning activities, enhancing collaboration and problem-solving skills.

EDUCATION

Bachelor's Degree in Computer Science,
Faculty of Computers and Artificial Intelligence,
Helwan University

Gpa : B+

portfolio

<https://andrewsherif0.github.io/portfolio/>

TECHNICAL SKILLS

- **Software Development**
- Web Development: Front-end (React.js, Bootstrap), Back-end basics (Node.js, .NET)
- Databases: MSSQL (basic)
- Frameworks & Tools: React, Redux, REST APIs
- DevOps & Others: Git, Docker (beginner), Agile methodologies

TECHNICAL SKILLS

"Utilize AI tools such as GitHub Copilot, ChatGPT, and Tabnine to improve coding efficiency and streamline development workflows. Apply AI-based solutions and libraries like TensorFlow.js to enhance project functionality and user experience."

Personal Skills

Problem-Solving

Observation, Analysis, Initiative, Negotiation, Persuasion and Decision making.

Collaboration& Communication

Working with cross-functional teams, Attending regular stand-ups, and using Tools like Slack, Teams, or Jira for collaboration.

Additional Skills

Video Editing (Adobe Premiere Pro,CapCut,after effect beginner)
Graphic Design(Adobe Photoshop - canva)
camera man

Languages

- **Arabic: Native**
- **English: Advanced (b2+)**
